

This is to certify that
DS-48

25th Floor, Millbank Tower, London, SW1P 4QP, United Kingdom

Has been assessed
by Paul Smith for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for DS-48. Including portal site, firewall, router, end user devices located 25th Floor, Millbank Tower, London

Certification date: July 4th, 2017

Recommended re-assessment date: **July 3rd, 2018**

Certificate no.: 4826809858929304

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
